

A Gowrie Australia Resource to Support Educators Implement EYLF

Author:
Kaye Colmer
CEO
Lady Gowrie Child Centre
South Australia

With the introduction of the EYLF, staff from Gowrie centres across Australia have been working together in a project to review the range of possibilities for ways of approaching assessment. Our work has led to the development of a resource - “Assessment in the Early Years: A resource from Gowrie Australia drawing on the Early Years Learning Framework”.

Orders for the resource will be available from your state’s Gowrie website and it is expected that professional development sessions will be available from your local Gowrie.

The introduction to the resource is published here to provide an insight to Gowrie Australia’s position and information about the process of developing the resource. We hope it will be a valued contribution to support educators across all service types to embrace using EYLF.
